

## **Lee Perkins, PT**

*Owner/Lead Physical Therapist*

**Hometown:** Huntington Beach, CA

**Bachelor's Degree:** University California Riverside - Bachelor of Science, Biology

**Graduate Degree:** University of Southern California - Masters of Biokinesiology and Physical Therapy

My name is Lee Perkins. I have been working as a licensed physical therapist since 1996. I started my physical therapy career at Chapman Medical Center providing rehabilitation to post-operative cardiopulmonary patients. Then for the next 10 years, I worked at ProSport Physical Therapy in Newport Beach treating thousands of outpatient orthopedic patients, really honing in my skills as a clinician. I also served as the clinical director for eight years, mentoring new clinicians and ensuring quality care to each and every patient.

During this time, I was also working as an adjunct professor at Concordia University in Irvine, CA. This gave me an opportunity to teach the future of my profession which I found very rewarding. I also volunteered annually as the Assistant Medical Coordinator for the Huntington Beach Pacific Shoreline Marathon from 2001-2006.

In 2007, my family and I moved to Fort Collins, Colorado. I consulted and treated patients at Foothills Orthopedic and Sport Physical Therapy until 2011. After my son was born, we returned to California and I worked in the skilled nursing setting at Crystal Cove Care Center in Newport Beach. Then in 2014, I rejoined ProSport Physical Therapy serving as the Executive Director of Operations.

Now in 2020, I've co-founded Mobile Therapy Specialists Inc. to provide the absolute best in care to patients in the comfort of their home. With the challenges we are currently facing, in-home physical therapy treatment is the ultimate solution to providing a safe and effective mode of care to patients in need.
