

Michelle Wall PT, DPT

Physical Therapist

Hometown: Fountain Valley, CA

Undergraduate Degree: Cal Poly San Luis Obispo – Bachelor of Science in Physical Education & Kinesiology, 1996

Graduate Degree: University of Southern California – Doctorate in Physical Therapy, 2000

I grew up here in Southern California playing competitive tennis. I had multiple (thankfully minor) injuries during this time and was intrigued by the healing process and rehab of these injuries. By the time I graduated from High School I knew I wanted to follow the path of Physical Therapy! I went on to play Division 1 Tennis at Cal Poly and had my fair share of spending time in the training room. I loved to learn from the trainer about all the different injuries coming in!

I graduated from USC, with my Physical Therapy degree, in 2000 and worked in an Outpatient Orthopedic clinic until 2009, when I “switched over” to home/mobile Outpatient PT. I have been helping patients in-home ever since! I love the extra one-on-one time that this setting enables me to have with all of my patients. I focus on giving each patient a personalized treatment plan and it is always so rewarding to see their progress!

In my spare time I enjoy spending time with my two teenage daughters, walking our dog Kaiya, running on the trails, and training for my upcoming fitness races!

Excited to be a part of the MTS team and to help all of my patients achieve their goals!

Love being a part of the MTS team, where we can focus on one-on-one, quality care for all of our patients! This allows us to build solid relationships with each person! Plus the support of the MTS team as a whole is amazing!
